CARE & MAINTENANCE LUXURY VINYL PLANK

CARE

- Avoid stilettos or spiked heels
- Avoid leaving excess moisture on surface of floor. This in time may lead to swelling or also deterioration of adhesives used
- Use felt protectors under heavy pieces of furniture
- Ensure mats are placed at all entrances and exits to trap dirt, sand and grit
- It is recommended that window coverings are used to protect floors.

MAINTENANCE

- No steam mops to be used due to extreme heat
- Sweep daily with a soft dry broom or vacuum
- Mop with warm water, not hot water, using a slightly damp mop. A PH neutral cleaner can be used that is recommended for luxury vinyl plank
- Polishes or wax are not to be used on the floor
- No abrasive cleaners are to be used i.e.: scouring pads, steel wool etc. – as they could possibly damage the floor.
